

# Wind Phone

I see you stopping along your way.  
My love, do you have something you'd like to say?  
For a moment, believe in what you can't see.  
I'm always here. You haven't lost me.  
Pick up the phone and give me a call.  
Let's share a memory, none are too small.  
Say hello, goodbye or tell me about your day.  
Say whatever it is you want to say.  
Talk with me as if no time has passed.  
Love never dies, forever it lasts.
