

Feature Questions

Thank you for allowing me to feature your Wind Phone on www.mywindphone.com and @mywindphone. Please feel free to skip any question you would rather not answer or add additional information I may not have thought to ask. Email your responses to me at hello@mywindphone.com or DM me on Facebook (My Wind Phone) or Instagram (@mywindphone).

Your name

Your email address

Your mailing address

Your phone number

Where is your Wind Phone located?

Some Wind Phones have a street address or a public location that makes it easier to share their location. Others are located on trails and are not convenient to a specific address. Please provide any information (such as coordinates, closest street or parking lot off the hiking trail, etc.) that will help a visitor find your Wind Phone.

Why did you choose this location? Please describe the area.

What year and month did you place your Wind Phone at this location?

Is your Wind Phone dedicated or in memory of someone special?

If so, what is their name and your relationship to the person? If you feel comfortable sharing, tell us about your person. For example, if you asked me, I'd say my daughter Emily was hilarious and loved her phone-she'd love this project! If your Wind Phone is not in memory of a specific person(s), what inspired you to create one?

Do you have any advice for someone thinking of creating a Wind Phone?

Is there anything you'd like to share that I didn't think of adding to this list of questions?

Do you have an Instagram or Facebook account that you'd like me to include or tag?

I am humbled and honored to share the Wind Phone stories of amazing creators and stewards like you. Thank you so much for creating a space for grief and for being willing to share it with others. Please reach out if you have any questions.

Yours,

Amy Dawson
